Dear Vito,

Attached is the most recent authorized user list, which should be acceptable to the NRC. You were added to our broad scope NRC License in September 2009. Dr. Ghilezan was added in December 2003. The others have been in good standing on Beaumont's NRC license for longer than this. Dr. Kestin since 2000, and Drs. Vicini and Martinez since at 1993. I would be happy to talk to the NRC and confirm each of your status as authorized users on the Beaumont License. (248-551-0548)

This list will be updated after the RSC meeting on Dec. 5, 2011.

Best wishes for your continued success in providing high quality and compassionate care to your patients.

Cheryl

Dear Cheryl,

Hope you are doing well. I am writing to see if you could help us with an issue with the Beaumont NRC license and our inclusion on the list while employed at Beaumont. At this time, in order to be added to the license for American Oncologic Associates of Michigan, the NRC is requesting some documentation of when each of us was added to the Beaumont license and a statement indicating that we were in good standing on the license up until we resigned. Would this be possible? Thank you very much for considering this request.

Sincerely,

J. Vito Antonucci

Each of you are listed as an approved Authorized User for the modalities that are listed in the attachment. Since we have a broad scope NRC License (21-01333-01), your individual names do not appear on the NRC License document itself. Please contact me if there is anything I can do to assist with obtaining authorized approval status for the modalities that are listed.

It has been an honor and privilege to work with each and every one of you. This is a huge loss to the Beaumont community, and especially for your loyal and dedicated employees. On the other hand, I wish you all continued success in your positions. Best wishes and thanks!

Cheryl

Sure thing,
The NRC license number for William Beaumont Hospital is 21-01333-0.
Best Wishes,
Evelyn

Hi Ev,

Can you please provide us with the HDR license numbers as authorized users for NRC purposes?

Thank you,

Michel
